Experience

Graphic Designer, Security 101 - West Palm Beach, FL

March 2011

Security 101 was rushing to find a Graphic Designer to could design some brochures and flyers for them to hand out at a business convention in Las Vegas, which was only 4 days away. They hired me and within 3 days I had designed a two- page, double-sided brochure and a single-page, double- sided flyer; and also had them ready to be brought to their printer the next day.

Web Designer, Sunstream Inc. - West Palm Beach, FL

May 2011

The owner of Sunstream Inc. asked me to design his logo, and website. I collaborated with him on every stage of the project and in the end, he was very satisfied with the result www.sunstreaminc.com. Since completion he has seen a considerable increase in work

Exhibitions

Best of Ringling

Spring 2009

I had 4 pieces in the *Best of Ringling* show during my Freshman year as a Fine Arts Major.

A Day in the Life

Winter 2009

I also was one of only 50 students to get a piece into the *A Day in the Life* Exhibition which was a show in which we had to make a piece about what a typical day was like for us. The Assignment was given to students at Ringling and students at an Art College in Belgium. The piece was displayed in Ringling's Academic Center and then shipped to be put on display in Belgium.
